

Sunny Patches BOM

Block 1: Sunny Greek Square

This month, construct (1) Sunny Greek Square.

Block tutorial videos are available each month on Corey's YouTube channel: Coriander Quilts.

Cutting Instructions

 29167-41	1 rectangle, 2" x 3 1/2" ★ 2 rectangles, 1 1/4" x 2" ★	A B
 29162-19	1 strip, 2" x 15"	C
 29164-11	4 squares, 1 1/4" x 1 1/4" ★ 1 strip, 2" x 15" 4 squares, 3 1/2" x 3 1/2"	D E F
 29164-21	2 borders, 1 3/4" x 9 1/2" 2 borders, 1 3/4" x 12"	G H

★ In each of the monthly patterns, you will have the option to simplify the block.

For this month, if you wish to eliminate the pieced center, do not cut pieces A, B, or D. Replace these pieces with (1) square of the background fabric cut at 3 1/2" x 3 1/2".

Your completed block would look like this:

Look for the ★ throughout the pattern for instructions to make the simplified version.

The Sunny Patches block of the month is brought to you by Corey Yoder of Coriander Quilts.

block construction

RST=right sides together

use a ¼" seam allowance

read through all instructions before beginning

★ If you are opting to make the simplified block, skip to step 3.

1. Sew a **(D)** background square to each end of an x-print **(B)** rectangle. Press seams toward **(B)**. Make 2. These units will each measure 1 ¼" x 3 ½"

2. Sew the two units made in step 1 to the top and bottom of an x-print **(A)** rectangle. Press seams toward **(A)**. The center unit will measure 3 ½" x 3 ½".

3. Sew together the red print **(C)** strip and the background **(E)** strip. Press toward **(C)**. The strip unit will measure 3 ½" x 15".

4. Cut the strip unit into 4 segments; each measuring 3 ½" x 3 ½".

[corianderquilts.com](https://www.corianderquilts.com)

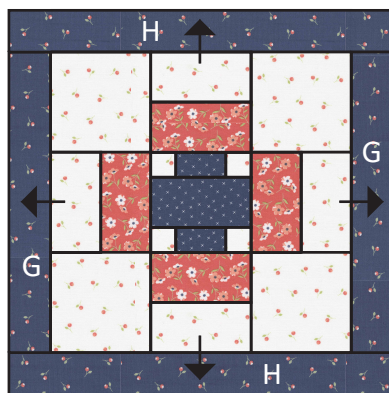

5. Lay out the block pieces as shown below. Sew together and press as illustrated. The block now measures $9\frac{1}{2}'' \times 9\frac{1}{2}''$.

★ If you are making the simplified block, substitute the $3\frac{1}{2}'' \times 3\frac{1}{2}''$ background square in place of the center unit made in step 2.

6. Sew **(G)** borders to the sides of the block and **(H)** borders to the top/bottom. Press all seams away from the center. The completed block measures $12'' \times 12''$.

Note: This measurement is correct. It is not the standard $12\frac{1}{2}'' \times 12\frac{1}{2}''$ measurement we often see.

★ *Simplified Version*
