Add the Block Border

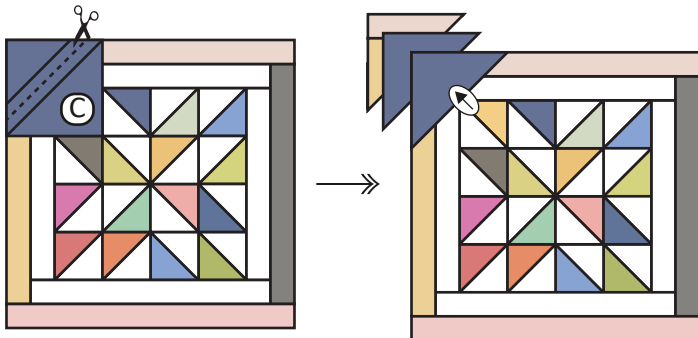

1. Sew **(D)** rectangles to the sides of the block center. Press away from the center. Sew **(E)** rectangles to the top/bottom of the block. Press away from the center. The block will now measure 10 1/2" x 10 1/2".

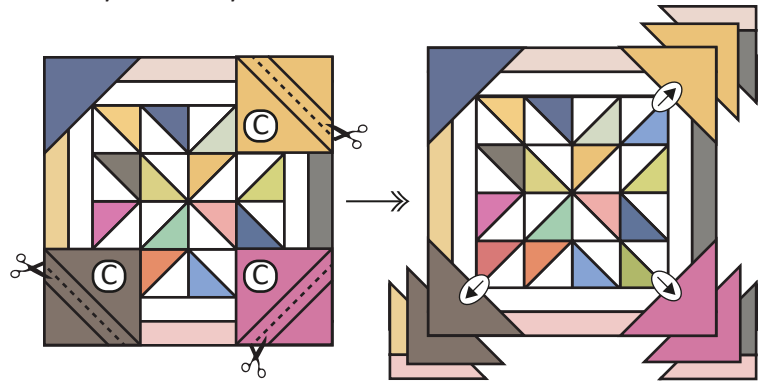

2. Sew **(A)** rectangles to the sides of the block center. Press away from the center. Sew **(B)** rectangles to the top/bottom of the block. Press away from the center. The block will now measure 12 1/2" x 12 1/2".

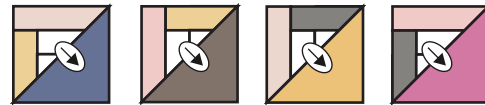

3. Draw a diagonal line across the back of a **(C)** square. Draw a second diagonal line 1/2" away from the first marked line. Place **(C)** RST on the corner of the block as illustrated with the shorter marked line towards the outside edge of the block. Sew on both marked lines. Cut the unit apart halfway between the two marked/sewn lines. Press **(C)** away from the center. The block still measures 12 1/2" x 12 1/2".

4. Repeat step 3 on the remaining 3 corners to complete the block. The completed block measures 12 1/2" x 12 1/2".

5. Grab the 4 corner cut-offs. Press the seams toward **(C)**. Trim these units to 3 1/2" x 3 1/2".

We are going to use these cut-offs in a fun bonus project at the end of the sew along.
