Piecing Instructions

Press all seams open

RST = Right Sides Together

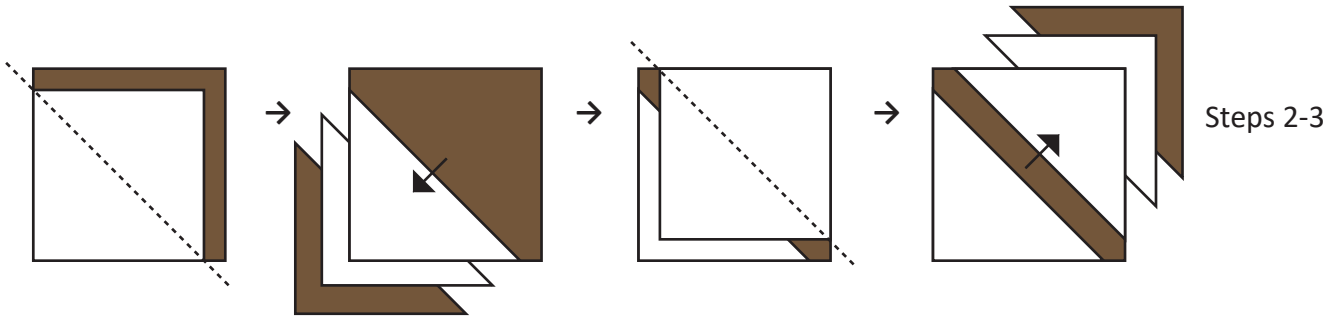

1. Mark a diagonal line across the back of a 3" background square. Place the background square RST with a 3" brown square. Sew 1/4" away from each side of the marked line. Cut the unit apart on the drawn line. You will have two half square triangles.

Trim each half square triangle to 2 ½" x 2 ½". Repeat to make 26 half square triangles (HSTs).

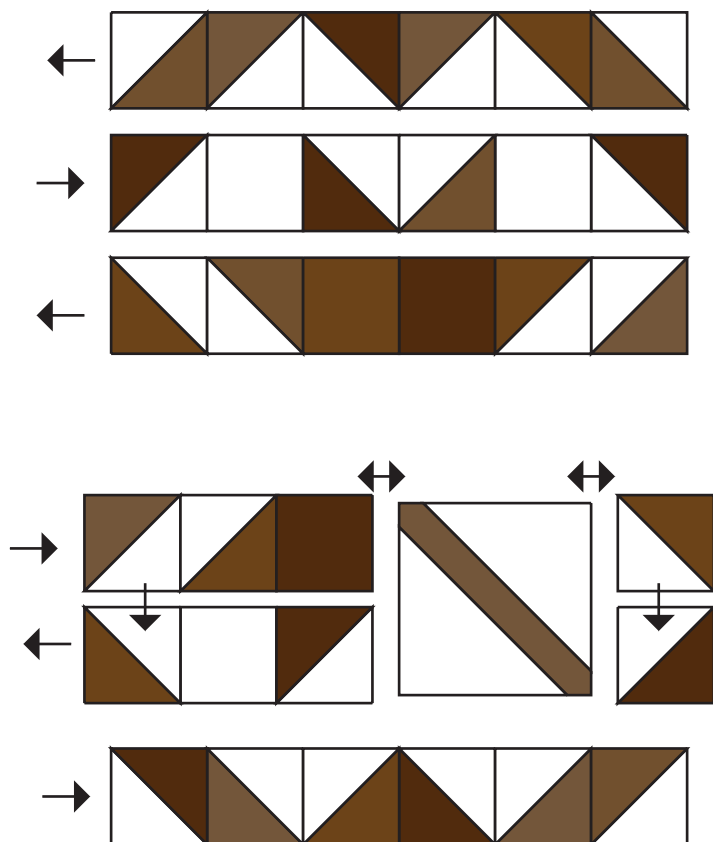

2. Mark a diagonal line across the back of two 4" background squares. Place one of the background squares RST on the corner of the 4 ½" brown square. Orient the marked diagonal line as shown. Sew on the marked line. Press away from the center. Make sure all raw edges align. Trim out the bottom two layers leaving a 1/4" seam allowance. The square measures 4 ½" x 4 ½".

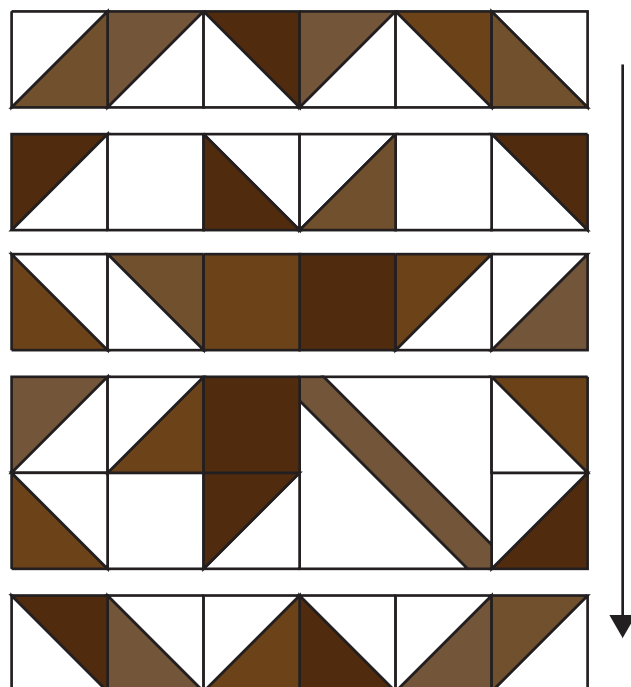

3. Repeat on the opposite corner to create the leaf stem. The leaf stem measures 4 ½" x 4 ½".

3. Lay out the HSTs, leaf stem, the 2 ½" brown squares, and the 2 ½" background squares as shown on the following page. Press adjacent rows in opposite directions. Press the final seams in one direction. The completed leaf block will measure 12 ½" x 12 ½".
